

## RISER SHAFT & GENERAL ACCESS FLOORING THE COMPLETE SERVICE

**Cresta** can design, supply and manufacture and can arrange to have installed riser flooring. This is provided to allow for access to the services that are installed in the riser shafts. There are a range of flooring materials available, from open mesh flooring, shown above, to conventional sheet plate and Durbar chequer plate.

### Including:-

- Platforms
- Walkways
- Kick Plates
- Ladders
